

Jigsaw Scotland's Contribution to the Health and Wellbeing of Children in Primary 6

Curriculum for Excellence plays an essential role in promoting the health and well-being of children and young people and equally of all of those in the educational communities to which they belong. Learning through health and well-being promotes confidence, independent thinking and positive attitudes and dispositions.

Scotland's National Health and Wellbeing Framework for children and young people is underpinned by 8 key indicators (SHANARRI) as follows: Being Safe (S), Being Healthy (H), Achieving (A), Being Nurtured (N), Being Active (A), Being Respected (R), Taking Responsibility (R) and Being Included (I).

Educational settings working with children and young people are therefore well-placed to provide both universal and targeted health and wellbeing education and interventions to contribute to the SHANARRI outcomes. Also by aiming to Get It Right For Every Child (GIRFEC) there is an opportunity to help reduce inequality and 'narrow the gap'.

Jigsaw Scotland, the mindful approach to Health and Wellbeing, brings together Personal, Social, Health and Economic education in a comprehensive, structured scheme of work to fulfil the requirements of the Health and Wellbeing Curriculum's *Experiences and Outcomes* and SHANARRI. There is a strong emphasis on emotional literacy and nurturing mental health as the necessary underpinnings for learning with a unique mindfulness approach in every lesson. Jigsaw Scotland provides detailed lesson plans providing practitioners with everything they need to deliver creative teaching and learning activities.

Jigsaw comprehensively meets all the Experiences and Outcomes (Es and Os) for Health and Wellbeing (except those needing to be taught exclusively through Physical Education lessons) and **Table A below, provides teachers with a detailed map of the relevant Es and Os included in each Jigsaw lesson for Primary 6 children.**

Table B highlights the main cross-curricular links within each Primary 6 Jigsaw lesson to other Curriculum For Excellence subjects.

Jigsaw Scotland materials also include 5 formal assessment opportunities in each year group for teachers to assess pupil progress in Health and Wellbeing if desired. **Table C shows the individual Jigsaw lessons (pieces) where the assessment opportunities can be found within the Primary 6 materials, and maps these against any relevant Health and Wellbeing benchmarks.**

To aid teachers' understanding of how Primary 6 fits within Jigsaw Scotland's overall progression of knowledge and skills from Early Level to Primary 7 a further document called *Curriculum for Excellence and Jigsaw Map Early Level to P7* can be requested and downloaded from the Jigsaw website (under the Jigsaw Scotland tab). This maps the complete scheme of work for all year groups against the Es and Os and benchmarks. The article *Jigsaw and the Scottish National Curriculum* (also found on the Jigsaw website) gives further explanation of how the programme's whole school, spiral and progressive approach ensures that the Health and Wellbeing Framework is fully addressed in a way that is accessible and exciting to both staff and children.

Table A: Jigsaw and the Experiences and Outcomes for Health and Wellbeing in Primary 6

Note: HWB 2-12a is covered by the Introductory Assemblies, Weekly Celebrations and End of Puzzle Outcomes within the Jigsaw PSHE programme. HWB2-21a is more appropriately taught in Physical Education lessons. HWB 31b, 47b is only applicable at Early and First levels and HWB 46a only applicable at Third and Fourth levels are therefore not shown in this grid.

BEING ME IN MY WORLD	Note: Citizenship is a focus within Primary 6 Being Me In My World lessons, therefore Social Studies Experiences and Outcomes are also relevant (see Table B).
